התפעלתי מאד לראות את הפטנט כשר סוויטש. פטנט זה ימנע הרבה חילולי שבת, בזכות זה נזכה שיבא משיח צדקנו בקרוב. חשוב מאד שכל יהודי ובפרט כל המוסדות כגון בתי חולים ובתי מלונות ובתי סוהר וגם בתי כנסיות ובתי מדרשות ישתמשו לכתחילה את הפטנט הזה חשוב ביותר.

I was very much amazed to see the invention named KosherSwitch. This invention will prevent many Chilulei Shabbos, and because of it, may we merit that our Moshiach (Messiah) should arrive in the near future. It is very important that every Jew and also all institutions – such as hospitals, hotels, jails, synagogues, and study halls – should use this extremely important invention.

With the blessings of the Torah,

Shalom Arush

Rav Shalom Arush is the spiritual leader of Chut Shel Chessed Institutions. As a world-renowned author, his books are worldwide bestsellers, selling over a million copies, and have been translated into many languages. His works include **B'Gan HaEmunah**, **B'Gan HaShalom**, **B'Gan HaGagoim**, **B'Gan Eden Mikedem**, and **B'Gan HaOsher**. He is a well recognized name among the full spectrum of Judaism – from Breslov Chassidim to secular Jews around the world who are thirsty for his teachings. He also impacts **hundreds of thousands of people every month through his widely-popular BreslovWord.com** and through the distribution of thousands of audio CDs.

Rav Arush had studied in several yeshivas until he finally discovered Breslov and quickly became one of distinguished **Rabbi Eliezer Berland's** top students. Together with Rabbi Berland, Rabbi Arush learned with such giants as **Rabbi Levi Yitzchak Bender zt"l** and **Rabbi Shmuel Shapiro zt"l**. Rav Arush uses his unique style to bring Rebbe Nachman's teachings to the masses.

Among Rav Arush's students are famous actors and singers who left the glitter of secularism to lead a Torah-true life. Shuly Rand of the Oscar-winning movie **"Ushpizin"** is among the Rav's students and followers.
