Rabbi Yigal Haimoff, Rosh Yeshiva

ב"ה

6 AdarA 5771

I recently had the pleasure of analyzing Menashe Kalati's patent called Kosher-Switch and think that it is remarkable technology that will bring much good B"H. I join the many honorable poskim and rabbis shlit"a who have endorsed it, and I encourage its use and urge others to support this important project.

Eagerly awaiting the Geula,

Yigal Haimoff
