Dear Menashe,

After reviewing your invention, the KosherSwitch, I came to the conclusion that B"H it will help save millions of chilulei Shabbat by many people who are Ba'alei Teshuva, and are not necessarily Shomer Shabbat yet. It is also a tremendous asset for individuals like me who are in the world of "kiruv" since we can use it as a tool to help make Shabbat more attainable while making chilul Shabbat virtually impossible.

I see the KosherSwitch as one of the most important inventions in the frum Jewish world. I am looking forward to when it will be available for use, and am sure that it will be embraced by many communities.

May Hashem bless you with much success.

Sincerely,

Yosef Mizrachi

Rabbi Yosef Mizrachi is a world-renowned dynamic speaker on a broad range of topics, lecturing on a regular basis to a wide range of audiences. He specializes in Kiruv – Jewish outreach – compelling countless individuals to seek their inherent link to Torah and Judaism.
